Waco, Tex., Aug. 28.—W. W. Ham-mack, who killed himself at Gatesville last night, and who was to be summoned today before the grand jury conducting an investigation into the murder of his son-in-law, Frank Battle, left a note saying: "I am a persecuted man. I can not stand the publicity any longer."

WORLD'S GREATEST SHIP COMES TO GRIEF

Monster Leviathan of the Deep Damaged by Fire as She Lay at Hoboken Docks.

[By Associated Press.] New York, Aug. 28.—The giant steamship Imperator was badly burned as it lay at the Hoboken docks before daylight today. Second Officer Herman Cobrecht and one seaman were suffocated to death. Hundreds of tons of water were pumped into the vessel before the flames were subdued. The water caused her to list far to one side.

The main damage was done to the dining saloon and the second cabin. Over a thousand immigrants were landed. They were panic-stricken during the fire.

Miss Ethel White, who has been attending summer school in Waco, returned home yesterday afternoon, accompanied by her sister, Miss Hattie White, who has been visiting in that city.

HUERTA IS INELIGIBLE FOR PRESIDENT

So Declared the Mexican Minister Gamboa. President Wilson Believes Things Are Changing In Mexico City and Something Tangible Will Soon Be Known—Tone Is Peaceful.

[By Associated Press.] Washington, Aug. 28.—John Lind early today was instructed to return from Vera Cruz to Mexico City, if in his discretion it seemed advisable, after President Wilson had received Lind's message, which was described as "very optimistic." While the Administration officials were silent about the next move, the understanding was that the way appears open for a further discussion of disputed points, including Huerta's elimination.

Gamboa's latest note, which was transmitted to John Lind yesterday and to Washington today, does not renew Mexico's request for the United States and Mexico to immediately exchange Ambassadors, which was one of Huerta's original demands. Gamboa now asks that the Embassies be maintained with the present staffs until after the Mexican October elections.

Gamboa's reply also declares the Mexican Constitution makes Huerta ineligible for election. The United States, however, will ask for more definite assurances on this point. President Wilson thinks things are changing in Mexico City and that something tangible will soon be known.

Hope for Immediate Solution.

[By Associated Press.] Mexico City, Aug. 28.—Gamboa's note of yesterday refers in one place to John Lind's offer by which Gamboa says "the United States insinuates it will recommend to American bankers the immediate extension of a loan," which will help the authorities to hasten pacification, provided Pres-

ident Wilson's proposals are accepted. To this Gamboa replied: "I believe there are not loans enough to induce those charged to maintain Mexican dignity to permit it to be lessened." Gamboa closes by saying: "Today more than ever we profoundly hope for an immediate solution of the conflict which has unfortunately separated us."

Osage Indian Land To Be Leased.

[By Associated Press.] Washington, Aug. 28.—Indian Commissioner Cato Sells announces that 12,000 acres in the Osage reservation in Oklahoma are offered for lease today in small tracts of 40 to 160 acres. Commissioner Sells said the small tracts should enable the independent producers to compete with the wealthy corporations. The lands are supposed to contain oil.

Revolt on Income Tax.

[By Associated Press.] Washington, Aug. 28.—An insurgent movement among Democratic Senators that threatened to break party lines on the income tax was headed off by leaders today by an agreement to revise the tariff bill so as to levy a heavier tax on incomes from large fortunes. The insurgents claimed to have twenty-seven Democratic Senators on their side. It is understood the Democratic leaders agreed to put a 5 per cent tax on incomes of over \$100,000, and 10 per cent when incomes reach half a million dollars. Senator Vardaman of Mississippi led the revolt, voting with Senator LaFollette.

SEIZED CONSTITUTIONALIST PAPER MONEY

[By Associated Press.] Eagle Pass, Tex., Aug. 28.—Three more cases of Constitutionalist paper money were seized here yesterday by officials of the United States as contraband of war, making a total of \$5,000,000 seized. It was printed in the United States.

PERUVIAN RIFLEMAN SHOT AND KILLED

You Will Need a Buggy Whip. Buy It From Us and We Will Give You the Buggy

AN HUNDRED-DOLLAR MOON BROS. BUGGY

We announced last Saturday that we would probably give away a buggy next Saturday. In keeping with the announcement we have endeavored to work out a plan by which we could afford to give away a good buggy. Our plan is this: We will place on sale Saturday morning five hundred (500) \$1.00 whips (our regular \$1.00 sellers) and when the entire lot is sold the party holding the lucky number will be awarded a MOON BROS. BUGGY. No chance to lose, the whip is worth the dollar and the buggy will most assuredly be given away as soon as the whips are sold. Your name and address will be taken when you buy the whip and you will be notified by mail of the date of the drawing so that you can have someone to represent you. We guarantee to so conduct this contest that no one will have cause to doubt its fairness.

Everybody knows about Moon Bros. Buggies. They have the reputation for lasting longer and standing up better than other buggies at anything near the price. You seldom ever see a Moon Bros. buggy in the shop.
